

Stay Well.

Who should I see at the Surgery?

.... A Doctor ?,..... Nurse Practitioner ?,.....Practice Nurse ?.....or Health Care Assistant?

Kenmore Reception Staff have been extensively trained to give you an appointment with the most appropriate healthcare professional to deal with your current issue.

To help them to do this effectively, please give details of your symptoms to the receptionist when booking your appointment.

This information will be kept confidential and by doing this you will be allocated an appointment with the most appropriate healthcare professional
