

Kenmore Patients' Group

At Kenmore Medical Centre we strive to provide you with the highest standards of healthcare and are constantly looking at ways to improve and adapt to our patient's needs. One of the ways that we do this is through our Patient Participation Group where we gather proposals, ideas and feedback on how we can move this Practice forward.

The Patients' Group holds bi-monthly meetings along with a GP Partner and the General Manager to discuss ways of improving the quality of services to patients and assisting the practice in communicating news and information to its patients.

A Kenmore Patients Group newsletter is published several times a year and can be collected from the waiting room. If you have any comments or suggestions you can email the patient group at patients.group@nhs.net

If you would be interested in finding out more information or joining the Patient Group please contact the group Chairman, Mr. Andrew Blain, via email at patients.group@nhs.net.

If you don't feel you have the time to commit to bi-monthly meetings, or it's just not for you, you can sign up to become part of our Virtual Patient Reference Group. This is an email facility whereby we will keep in regular touch by sending out questionnaires, results and newsletters. If you are interested in this please ask at reception for a form to complete.

Mr. Andrew Blain, KPG Chairman.
